LIVE AT THE COMEDY STORE

I developed and prepared this material over the last year or so, mostly in comedy clubs. This special kind of goes back to when I used to just make noises and be funny for no particular reason. It felt right to shoot this special in a club to give it that live immediate intimate feeling. The show is about an hour long. The opening act, who is seen at the beginning (good place for an opening act) is Jay

London. One of my favorite club comics going way back to the late 80s when I first started in working in New York.

I hope you like it.

Please PLEASE don't torrent this special. If you want to share it, direct people here. It's so easy to drop the 5 dollars. We don't make you join anything. We let you use the file any way you want. It costs a shitload of money to make these specials and I do it myself. I love offering it to you directly for so cheap and so easily. I would like that to continue to be a good idea.

Okay. Enjoy the show.

Also, this is the first show I'm offering in 1080p HD. The video is H.264 and the audio is MP3 or FLAC. Both are available for stream or download.

The cost is \$5.00.
